

15 YEARS

CREATIVE ACTION FUND

NOVEMBER 2020 CYCLE

ABOUT

The Creative Action Fund are micro-grants initiated to seed the ideas and civic actions of our Create Change alumni network. This fund is a critical part of our vision to make sustained investments in our growing artist network through supporting their artmaking, leadership, and professional growth. Share your project ideas and interventions that engage the digital space and analog modes of art making.

LP staff members (across departments) will review all applications, with the aim of selecting 10 - 12 awardees. Contact Artist Engagement Manager, Ladi'Sasha Jones with any questions you may have: ladisasha@laundromatproject.org

OPEN CALL

To access the application form, go to: laundromatproject.submittable.com.

Application Opens	November 3
Application Closes	November 23
Award Notifications	December 10

GUIDELINES

- For the November 2020 cycle, micro-grant awards are \$1,000 USD each, payable by check or PayPal electronic transfer. The award is inclusive of production costs.
- The commission period runs through May 31, 2021. We will consider project proposals that require a longer timeline on a case-by-case basis.
- Awardees will be asked to share documentation (screenshots, images, or recordings, etc), related project stats, and submit a short survey to provide reflection and feedback on the Creative Action Fund initiative.
- Applicants can apply for collaborative projects that involve other LP alums or non-LP affiliated artists. We have a special interest in alumni collectives and collaboratives (involving two or more LP alumni). Applicants for collaborative works should select one member to submit an application for review.
- Applicants can apply for funding multiple times a year, but can only be awarded a grant once within a calendar year. An awardee of a collective may apply again as an individual (with a new project) within the same calendar year. Please note that we prioritize new applicants for each cycle.
- Applicants can apply with new project ideas, current works-in-progress, or new iterations of past projects. Only one submission per applicant is permitted. An applicant can only be represented on one solo or collaborative submission.
- There is not a specific theme or focus for the Creative Action Fund. You can creatively explore topics and engage communities of your choice.
- Project production support is not included as part of the CAF award. The LP may inquire about featuring or collaborating with CAF projects on a case-by-case basis.
